

Field Trips and School Tours

Thank you for your interest in the Albin Polasek Museum & Sculpture Gardens. Let us help you plan a memorable and educational field trip! We offer flexible field trips/group tours of our historic home and working studio of the Czech American, sculptor, Albin Polasek (1879-1965). We will tailor an experience for your students that is age appropriate, and based on state curriculum standards.

Docent-led tours of the historic home typically last 20-45 min depending on grade level and/or time constraints. The basic presentation is \$4.00 per student/guest (one chaperone will receive free admission). Group leaders may choose to self-tour the garden and our rotating gallery space. If you opt for a staff guided tour through the gallery and gardens, it will be an extra \$2 per student/guest. We encourage you to take advantage of one of our lesson plans to gain a deeper understanding and to prepare your students for their visit (see attached document). Hands-on art activities are available on site for an additional \$5 per student (see attached document), and please allow for at least 30 minutes for art projects in addition to the regular tour. All fees will be processed over the phone upon confirmation.

Tours are available year-round, 9 am - 4pm, Tuesday – Friday. Field trips may be scheduled on Mondays, when the museum is closed to the public, to give students the opportunity to explore the Museum more intimately.

Please contact one of our tour coordinators to learn more or schedule a field trip:
