Polasek Presents Winter Park Classics in Virtual Exhibition

Typically, the last week of April each year is filled with artists, events and excitement as the annual Winter Park Paint Out unfolds. Though the live version of this event had to be postponed indefinitely, the Albin Polasek Museum & Sculpture Gardens wanted to bring a little light into the homes of art lovers during these uncertain times with a virtual exhibition of paintings from some of the favorite WPPO artists.

"Over the years our Central Florida community of art lovers have become collectors of hundreds of original works of art created by the gifted artists who have been with us over the dozen years we have presented Winter Park Paint Out," says Polasek Museum CEO/Executive Director Debbie Komanski. "By utilizing Artwork Archive, it was possible to exponentially expand our outreach and present our event virtually during this challenging time."
